F9 Selects Pervasive Software for QuickBooks Integration

Pervasive Provides F9 with Excel Reporting Interface to QuickBooks

AUSTIN, Texas – February 24, 2010 - [Pervasive Software® Inc. \(NASDAQ: PVSW\)](#), a global leader in [cloud-based and on-premises data integration](#) software, today announced that F9, an Infor™ company that provides fast and flexible financial reporting tools, has selected [Pervasive Data Integrator™](#) as the basis for its [QuickBooks-to-Excel integration](#) solution. The QuickBooks integration capability expands the reach of F9's easy-to-use financial reporting tool, which dynamically links general ledger data to Microsoft Excel.

“F9 delivers GL data directly to Excel through a dynamic link to the most current information – with no exports or manual entries required,” said Sam Barakat, vice president of sales for F9. “Being able to provide dynamic delivery of QuickBooks general ledger data opens an untapped market for us. We selected Pervasive because they have a strong product and a good reputation in the industry. As a result, we can now provide QuickBooks users with an out-of-the-box tool to extend and enrich their general ledger financial reporting and analysis within the familiar Excel environment.”

Leveraging Pervasive Data Integrator, the pre-packaged, dynamic QuickBooks integration will help F9 extend general ledger reporting for QuickBooks users, giving them the full power of F9 capabilities.

“Pervasive is the leader in rapid delivery of powerful integration solutions that are also easy-to-use for non-technical users,” said Mike Hoskins, Pervasive Chief Technology Officer and general manager of Integration Products. “We’re delighted that we can help F9 expand their market reach with an easy-to-consume dynamic QuickBooks integration and give them the opportunity to leverage Pervasive Data Integrator’s unparalleled range of connectivity to integrate virtually any other endpoint to F9.”
