Khameleon Software Partners with F9 to Expand Reporting Options for Project Accounting and Dealer Business Systems

By Integrating F9, Khameleon Users Can Create Customizable Reports in Microsoft Excel Within Minutes

TAMPA, FL – October 4, 2010 – Khameleon Software, the provider of next generation project accounting and Dealer Business Systems, today announced a partnership with F9 to integrate F9 Professional Version 5, an Excel-based financial reporting tool, with the Khameleon Software Suite.

“We are pleased to welcome Khameleon software to our list of strategic partners due to their commitment to continually offer the latest technology to their customers,” said Vice President for F9, Wissam Barakat. “F9 offers a powerful and flexible reporting option to maximize the Khameleon Software Suite. Microsoft Excel users already know how valuable spreadsheets are for financial reporting. F9 leverages that value by delivering Khameleon data directly to Microsoft Excel, ensuring all numbers are accurate, timely and complete.”

F9 Professional Version 5 provides an unparalleled package of features and capabilities, such as flexible cell-based reporting, consolidation, drill down, multiple date ranges, multiple currencies, lists of account segments, report analysis and Excel Forms.

“Providing the latest technology to our users has always been our mission,” said CEO of Khameleon Software, Douglas Angelone. “Khameleon serves many industries that require accurate graphical presentations of their data and we have always provided the ability to create reports quickly. Our ability to dynamically link and never rekey source data guarantees the data is accurate.”

Utilizing enhancements to the Excel 2007 user interface, new Task Panes in Khameleon’s software allows users to interact with F9 directly from the Excel spreadsheet, enabling faster output and reporting results. New reporting controls display in a drop-down format for quick selection of filters. Improved toolsets provide enhanced Analyze and Zero Suppress functionality.
